I. Criminal Justice Coordinating Council Authority & Responsibilities Regarding:
(A) Certification of Local Victim Assistance Programs
(B) Reporting of Local Victim Assistance Add-On Fines Collected & Disbursed
(C) Reporting by Local Victim Assistance Programs of Funds Received & Victims Served

The Criminal Justice Coordinating Council was created by the Georgia Legislature in 1981. The applicable authority, membership, role, and responsibilities of the Criminal Justice Coordinating Council are set forth in Georgia Code Title 35, Chapter 6A, sections 35-6A-1 through 35-6A-9. The Criminal Justice Coordinating Council is charged by the General Assembly “to provide the necessary leadership to coordinate the major components of the criminal justice system.”

The Criminal Justice Coordinating Council is also Georgia’s designated State Administrative Agency; this means that CJCC is the state agency that applies to the U.S. Department of Justice for federal grants, and administers the redistribution of these grant funds to criminal justice agencies, including victim assistance programs. As Georgia’s State Administrative Agency, the Criminal Justice Coordinating Council applies for many federal grants that support victim assistance programs in Georgia. Currently the Council receives the following: the Victims of Crime Act (VOCA) grant, the STOP Violence Against Women Act (VAWA) grant, the Sexual Assault Services Program (SASP) grant, and the Safe Havens: Supervised Visitation Program grant.

The original statute passed by the Georgia General Assembly in 1995 as O.C.G.A. §15-21-130-134 (**Article 8 Funding for Local Victim Assistance Programs**) provided funding for local victim assistance programs through the imposition of an additional penalty equal to 5 percent of the original fine imposed on any criminal offense or any criminal ordinance violation in any court of this state, or any municipality or political subdivision of the state. Funds derived through these Local Victim Assistance Add-On Fines are referred also as “five percent funds.” The Criminal Justice Coordinating Council’s functions as enumerated in Code section 35-6A-7 include “(10) To promulgate rules governing the approval of victim assistance programs as provided for in Article 8 of Chapter 21 of Title 15.”

In the 2007 Regular Session of the Georgia General Assembly, O.C.G.A 15-21-132 was revised to clarify the roles of different county and state agencies in the collection, distribution, and reporting of the Local Victim Assistance Add-On Fines and in the certification of victims’ assistance programs eligibility to receive these funds. The entire text of Article 8, as amended, is provided in Section II below.

In response, the Administrative Rules Committee of the Criminal Justice Coordinating Council (CJCC) made changes in the CJCC’s Administrative Rules, Chapter 144-6, which provides guidance on definitions pertaining to victims’ assistance programs, procedures for reporting and applying for certification, and a list of pre-approved services. The change in procedures applies to county governing authorities and district attorneys collecting and disbursing funds and to agencies applying for certification of eligibility to receive these funds.

The entire text of the relevant section of the Criminal Justice Coordinating Council's Administrative Rules is provided in Sections III-VI below.

The information reported from county governing authorities, solicitor general's, district attorneys, and victim assistance programs about monies collected through add-on fines (5% funds) and redistributed to local victim assistance programs enables the Criminal Justice Coordinating Council to fulfill two of its primary responsibilities under Article 8: (1) to make informed decisions about the allocation of funds from its federal grants to victim assistance programs, and (2) to report to the Georgia Legislature and the Governor the amount of funds from criminal fines collected through local courts for the support of victim assistance programs. In turn, this responsibility is tied directly to the functions and authority of the Criminal Justice Coordinating Council as described in Title 35 Code § 35-6A-7.

II. Official Code of Georgia, Title 15 Courts, Article 8 Funding for Local Victim Assistance Programs

15-21-130. Legislative Intent.

- (a) In every case in which any court of this state or any municipality or political subdivision of this state shall impose a fine, which shall be construed to include costs, for any criminal offense or any criminal ordinance violation, there shall be imposed as an additional penalty a sum equal to 5 percent of the original fine.
- (b) Such sums shall be in addition to any amount required by Code Section 47-17-60 to be paid into the Peace Officers' Annuity and Benefit Fund and in addition to any other amounts provided for in this chapter. (Code 1981, § 15-21-131, enacted by Georgia Legislature, 1995, p. 260, § 3; Georgia Legislature 1997, p. 551, § 1.)

(a) The sums provided for in Code Section 15-21-131 shall be assessed and collected by the court officer charged with the duty of collecting moneys arising from fines and shall be paid monthly:

- (1) If the county where the fine was imposed has a victim assistance program providing services to residents of that county and certified by the Criminal Justice Coordinating Council, the funds shall be directed to the governing authority of the county for disbursement to those victim assistance programs for the purpose of defraying the costs of victim assistance activities carried out by the programs; or
- (2) If the county where the fine was imposed does not have a victim assistance program providing services to residents of that county and/or a program not

certified by the Criminal Justice Coordinating Council, the funds shall be directed to the district attorney of the judicial circuit in which the county is located for the purpose of defraying the costs of victim assistance activities carried out by the district attorney's office. Such funds shall be paid over in the same manner as other county funds paid for operations of the district attorney's office and shall be in addition to rather than in lieu of any other such funds.

All such funds shall be paid to the recipients by the last day of the month in which the funds are received; provided, however, **that the governing authority of the county shall be authorized to hold as reserve funds an amount not to exceed 5 percent of the funds received by the governing authority in the preceding calendar year.**

- (b) The court officer charged with the duty of collecting moneys arising from fines as provided for in Code Section 15-21-131 shall receive and distribute the funds collected to the county governing authority or district attorney as appropriate, and shall submit a monthly report of the collection and distribution of such funds to the Georgia Superior Court Clerks' Cooperative Authority, and the Georgia Superior Court Clerks' Cooperative Authority shall submit a financial report to the Criminal Justice Coordinating Council each month stating the amount collected and the amount disbursed no later than the last day of the month following the month in which the funds were collected.
- (c) The county governing authority receiving funds shall submit a financial report to the Criminal Justice Coordinating Council semiannually stating the recipients that directly received funds during such reporting period no later than the last day of the month following the reporting period in which the funds were collected in order to allow coordination of local, state, and federal funding sources for similar services. The Criminal Justice Coordinating Council shall report annually to the General Assembly the county governing authorities that failed to submit semiannual reports during the previous calendar year.
- (d) All recipients of funds pursuant to this Code Section, except county governing authorities, shall submit an annual report to the Criminal Justice Coordinating Council. Such report shall include, but not be limited to, the total amount of funds received pursuant to this Code section, the purposes for which the funds were expended, and the total number of victims served in each county for which the funds were received. A copy of each recipient's annual report shall also be submitted to each county governing authority from which funds were received pursuant to this Code section.
- (e) The Criminal Justice Coordinating Council shall promulgate rules governing the certification of victim assistance programs. The rules shall provide for the certification of programs which are designed to provide substantial assistance to victims of crime in understanding and dealing with the criminal justice system as it relates to the crimes committed against them. It is the intention of the General Assembly that certification shall be liberally granted so as to encourage local innovations in the development of victim assistance programs.

- (f) The Criminal Justice Coordinating Council shall promulgate rules governing the revocation of certification of victim assistance programs. Such rules shall provide for the decertification of programs previously certified by the Criminal Justice Coordinating Council that are no longer in compliance with the rules promulgated by the Criminal Justice Coordinating Council pursuant to this Code section.
- (g) Monies arising from fines imposed pursuant to Code Section 15-21-131 shall not be paid to any victim assistance program that has not been certified by the Criminal Justice Coordinating Council or to any program that has been decertified by such Council.
- (h) Each calendar quarter, the Criminal Justice Coordinating Council shall prepare and publish, by document and posting on its website, a report that shall list each court which has not filed the reports required by subsection (b) of this Code section (Code 1981, § 15-21-132, enacted by Georgia Legislature 1995, p. 260, § 3; Georgia Legislature 2000, p. 1359, § 14; Georgia Legislature 2005, p. Currently unfunded agencies can submit an Agency Certification Application throughout the year, as certification occurs on a rolling basis. CJCC will review the application and return a decision to the applicant within thirty (30) days, per the Rules above. However, their period of certification shall last for the remainder of the year during which they are certified through February 28, 2018.

Currently funded agencies are required to submit a single Agency Certification Application, no matter how many counties are included in their service areas. Agencies may be certified as eligible to receive 5% funds in all counties within which they provide approved victims'

Evidence of partnerships should be demonstrated through Memoranda of Understanding (MOU).

Applicants must attach a copy of their certification or license, with additional information provided about the required training and the certifying or licensing agency, to their applications. B. VOCA Grant Approved Victim Assistance Services

Some victim assistance programs and agencies may be more familiar with the list of services funded under the VOCA (Victims of Crime Assistance Act) grants distributed by the Criminal Justice Coordinating Council. For the purpose of the VOCA crime victim assistance grant program, a crime victim is a person who has suffered physical, sexual, financial, or emotional harm as a result of the commission of a crime. All services performed by agencies receiving VOCA grants from CJCC are also considered pre-approved by the CJCC for the purpose of these guidelines. These services are categorized by the federal government and by the CJCC as follows:

Immediate Health and Safety. Those services which respond to the immediate emotional and physical needs (excluding medical care) of crime victims such as:

- (1) crisis intervention;
- (2) accompaniment to hospitals for medical examinations;
- (3) hotline counseling;
- (4) emergency food, clothing, transportation, and shelter (including emergency, short-term nursing home shelter for elder abuse victims for whom no other safe, short-term residence is available); and
- (5) other emergency services that are intended to restore the victim's sense of security. This includes services which offer an immediate measure of safety to crime victims such as boarding-up broken windows and replacing or repairing locks.

Also considered an allowable victim assistance service under VOCA federal guidelines and CJCC guidelines is:

- (6) emergency legal assistance such as filing restraining orders and obtaining emergency custody/visitation rights when such actions are directly connected to family violence cases and are taken to ensure the health and safety of the victim.

Mental Health Assistance. Those services and activities that assist the primary and secondary victims of crime in understanding the dynamics of victimization and in stabilizing their lives after victimization such as counseling, group treatment, and therapy. "Therapy" refers to intensive professional psychological/psychiatric treatment for individuals, couples, and family members related to counseling to provide emotional support in crises arising from the occurrence of crime. This includes the evaluation of mental health needs, as well as the actual delivery of psychotherapy.

Assistance with Participation in Criminal Justice Proceedings. In addition to the cost of emergency legal services noted above in section a. "Immediate Health and Safety", there are other costs associated with helping victims participate in the criminal justice system that also are allowable. These services may include advocacy on behalf of crime victims; accompaniment to criminal justice offices and court; transportation to court; child care or respite care to enable a victim to attend court; notification of victims regarding trial dates, case disposition information, and parole consideration procedures; and assistance with victim impact statements. *Most, but not all, of the victim assistance services listed under A above fall into this category as designated by VOCA.*

Special Services. Services to assist crime victims with managing practical problems created by the victimization such as acting on behalf of the victim with other service providers, creditors, or employers; assisting the victim to recover property that is retained as evidence; assisting in filing for compensation benefits; and helping to apply for public assistance.
