Juvenile Justice Grant Program Technical Assistance

REGIONAL WORKSHOP ANNOUNCEMENT: May 16, 17, 23, 29 & 31

The Georgia Criminal Justice Coordinating Council (CJCC) and the Governor's Office for Children and Families (GOCF) have issued RFPs for grant programs that strengthen community-based treatment options in order to reduce a county's annual felony commitments to the Department of Juvenile Justice and to Short-Term Program sentences.

Workshop focus: CJCC and GOCF have partnered with the University of Georgia's Carl Vinson Institute of Government to host a series of regional full-day workshops to support counties as they develop plans that are informed by data, by evidence-based practices and by assessments of the county's strengths and challenges.

The Regional Workshops support the RFPs' purpose to "bring together system stakeholders, community leaders and residents to identify and access existing local resources for the development of a multifaceted response to prevent further penetration in the system. This community-focused planning approach will allow for the maximum usage of available community resources and ensure broad community support."

Attendance: Each county is encouraged to have a team of key stakeholders attend the Regional Workshops, including representatives of courts, county government, the Department of Juvenile Justice, community collaborative bodies and service providers.

When and Where:

- All Workshops are from 9 a.m. to 4 p.m. with a light lunch provided; sign-in is from 8:30 – 9 a.m.
