**9. What percentage of your STOP Program subgrant was directed to each of these areas?**

Report the area[s] addressed by your STOP Program subgrant during the current reporting period and estimate the approximate percentage of funds [or resources] used to address each area [consider training, victim services, etc.]. The subgrantee may choose how to make this determination.

Throughout this form, the term sexual assault includes both assaults committed by offenders who are strangers to the victim/survivor and assaults committed by offenders who are known to, related by blood or marriage to, or in a dating relationship with the victim/survivor. The term domestic violence/dating violence applies to any pattern of coercive behavior that is used by one person to gain power and control over a current or former intimate partner or dating partner. Stalking is defined as engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others, or suffer substantial emotional distress. (See Federal STOP VAWA Progress reporting form instructions for more complete definitions.)

No — skip to pg. 5 (III. Purpose Areas)

### 10. Staff

*Report the total number of full-time equivalent (FTE) staff funded by the STOP Program subgrant during the current reporting period. Report staff by the function(s) performed, not by title or location. Include employees who are part-time and/or only partially funded with these subgrant funds as well as consultants/contractors. Include employees who are funded with any required grant match. Report grant-funded overtime. If an employee or contractor was employed or utilized for only a portion of the reporting period, prorate appropriately. For example, if you hired a full-time advocate in October who was 100% funded with STOP Program funds, you would report that as .25 FTE. Report all FTEs in decimals, not percentages. One FTE is equal to 2,080 hours—40 hours per week x 52 weeks. See separate instructions for examples of how to calculate FTEs. (See Federal STOP VAWA Progress reporting form instructions for examples of how to calculate FTEs.)*
