THE STATE OF GEORGIA

- Welcome
- Law Enforcement Training (LET) RFP Overview
- Narrative & Budget Overview
- Questions & Answers

- Proposed by Governor Kemp during the 2021 Legislative Session and approved by the legislature.
- Total amount available: \$7.5 million.
- Purpose: to provide funding for law enforcement training grant programs for state and local law enforcement agencies.
- Grant is administered by CJCC and awards will be made on a competitive basis.
- Awards will be made to qualified state and local law enforcement agencies to support training for law enforcement officers in use of force and de-escalation, Crisis Intervention Team (CIT) training, and training to support officer mental health.

An eligible applicant must meet *a//*the following criteria:

- Be state or local law enforcement agency. Applications from local law enforcement agencies must come from the City or County Government.
- Use funding to establish or enhance use of force or de-escalation training, Crisis Intervention Team (CIT) training, and officer mental health support.
- If a local government, City or County must be in compliance with their audit submission requirements to the Georgia Department of Audits and Accounts.
- Must be able to meet fiduciary requirements of the grant (reimbursement).
- No Supplanting.

State grant funds must be used to supplement existing State and/or local funds for program activities and must not **supplant** (replace) those funds that have been appropriated for the same purpose.

**Supplanting:** to deliberately reduce State or local funds because of the existence of State grant funds. For example, when local funds are appropriated for a stated purpose and State grant funds are awarded for that same purpose, the local government replaces its local funds with State grant funds, thereby reducing the total amount available for the stated purpose.

*Supplementing* (adding to) existing resources with State grant funds is ok. *Supplanting* (replacing) those funds with State grant funds is not.

- Should be a detailed statement of the work to be undertaken and be responsive to RFP.
