The Council has full discretion to determine the reasonableness of budget items based on both objective and subjective decision-making tools. See "Restrictions on Use of Funds" subsection below to determine whether budget items requested are allowable prior to submitting your budget.

Applications for funding will undergo several reviews. At any point during these reviews, a decision not to fund a project or any part thereof may be made. These decisions are within the complete discretion of the Council.

Competitive Funding Decisions

All funding decisions related to the program application received in response to this solicitation are made by the Council, based on the availability of funding and recommendations by the SAG. The Council will inform the applicant of funding decisions through a grant award. Applicants should not make assumptions regarding funding decisions until they have received official written notification of award or denial signed by the CJCC Executive Director.

Once an award is made, it is within the discretion of the Council to determine that a subgrantee is not compliant with applicable policies. Upon such a determination, the Council may terminate further funding and require reimbursement of grant funds. Each year, CJCC will release a continuation of funds RFP for subgrantees to apply for funding for the following year.

SECTION III: POST-AWARD REQUIREMENTS

The Delinquency Prevention Grants Program Subgrantee Workshop

As a requirement of the grant, all counties selected for funding will be required to attend a **virtual** workshop to discuss the purpose of the grant.

Grant Acceptance

Subgrantees must accept or reject the grant award with original signatures and required forms within forty-five (45) days of the award date. The subgrantee will be unable to request funds until the award documents are submitted to the Council.

Special Conditions

At the time of the subgrant award, the Council will assign special conditions as deemed appropriate for the program. The special conditions will outline the subgrantee's responsibilities, as well as federal and state regulations that must be adhered to, as a condition of accepting the grant award for the approved program. The special conditions will be included in the award packet and must be reviewed, signed, and returned to the Council within **forty-five (45) days** of the award date. The Council may assume your court rejects the grant award if these acceptance documents are not received by this submission deadline.

Per DOJ requirements, awardees will be required to have background checks on all personnel who will be directly interacting with the youth serviced through this grant.

This is a federal reimbursement grant. Potential subgrantees are expected to abide by federal rules and regulations.

Fiscal Accountability

Commingling of funds on either a program-by-program or project-by-project basis is prohibited. The subgrantee's accounting system must maintain a clear audit trail for each source of funding for each fiscal budget period and include the following:

- Separate accountability of receipts, expenditures, disbursements, and balances. CJCC recommends creating an account in your accounting system for each grant using the grant number provided by CJCC.

- Itemized records supporting all grant expenditures in sufficient detail to show exact nature of activity.
- Data and information for each expenditure with proper reference to a supporting voucher or bill properly approved.
- Maintenance of billing records for project related expenses (i.e. service invoices)
- Provisions for payment by check (as applicable).

Subgrantees will select whether they would prefer to be reimbursed for grant expenses on monthly or a quarterly basis once awarded.

Performance Measures and Reporting Requirements

Performance measurement can be defined as the process of routinely measuring the outputs and outcomes produced by a program, thereby allowing one to assess the effectiveness of program investments and activities. It has been found that measuring performance builds consensus and commitment within the justice community, assists with the goal of obtaining and allocating resources, demonstrates success, and improves accountability.

The Department of Justice, the federal entity that administers the Delinquency Prevention Grant Program, has developed performance measures for all funded program types. As such, the Council requires that all funded subgrantees complete a quarterly statistical report using DOJ's Performance Measurement Tool (PMT). The PMT will ultimately help states produce evidence-based guidance on monitoring and evaluating all programs.

PMT reporting is completed based on grant-funded activities and due on the following dates:

Reporting Period	Due Date
October 1 – December 31	January 30
January 1 – June 30	July 30
July 1-December 31	January 30

SECTION IV: PROGRAM DESIGN

Purpose

There are vast differences in needs between youth who commit delinquent acts, youth who commit first-time nonviolent acts, and youth who commit status offenses also known as Children in Need of Services (CHINS). In certain circumstances, such as first-time nonviolent and CHINS youth, further intervention may not be necessary. Consequently, when services are appropriate for this population, effective interventions that target specific circumstances or criminogenic needs for these youth should be provided. In order to prevent further involvement with the justice system, programming should be available for first-time nonviolent and CHINS youth at the front end. The purpose of this grant opportunity is to provide funding to implement SFP 7-17 to serve youth at-risk for entering the juvenile justice system.

Program Period

This grant award period covers October 1, 2024, through September 30, 2025. Funding for this award ends September 30, 2025.

Target Population

Youth who are first time offenders, diverted from the juvenile justice system, charged with a status offense, and who are appropriate for the services offered by the program.

Goals and Objectives

Each applicant must utilize all of the following goals and objectives for its project. Applicants may add goals or objectives specific to their program.

Goals

- Enhance the capacity of counties to reduce risk factors and strengthen protective factors for at-risk youth through evidence-based programs.
- Ensure EBP is being implemented with fidelity.

Objectives

- Provide Strengthening Families Program for five years.
- Have a 75% successful completion rate in all recipient counties.

Services

SFP 7-17 is an evidence-based family skills training program designed to address risk and protective factors and increase resilience in families with children between the ages of 7 to 17 years old. The program includes four sessions and is delivered in 12 weekly, two-hour groups. The different sessions are parent, teen, child, and family. SFP 7-17 suggests including all children in the home for programming, not just the youth being served. A typical group starts with the children, teens, and parents arriving and sitting down together for a meal that is provided to them by the program. Once they are finished eating, children, teens, and parents separate for the first hour to attend different sessions. Each week the subject matter and skills are the same for parents, teens, and children in the first session, even though they attend them separately. This is to assist with practicing the skills at home. After the first session is complete, children, teens, and parents are brought back together for a family session, which focuses on parent-child skill practice. Additional information on SFP 7-17 can be accessed at: <https://strengtheningfamiliesprogram.org/>.

Wraparound services provide additional support to further assist youth and their families in a community-based setting. These services are implemented in an effort to build on an individual's strengths to achieve positive goals and outcomes. Some examples of these services for the purpose of this grant are individual counseling, SFP boosters, tutoring, Life Skills Reimagined, and mentoring.

SECTION V: APPLICATION FORM

Interested applicants should review the Delinquency Prevention Grant Program Packet in its entirety, and submit the completed application, including the requested information and all required attachments. The application must be submitted online via Formstack on or before 5 p.m., August 16, 2024. [Please click here to apply.](#)
