## Appendix B – FVPSA ARP Grant Program – Quarterly Performance Measures

### People Served

[If the grantee has concerns that providing the data below will allow a report reader to personally identify a victim, please use the boxes for “not specified” or “unknown” for that client’s data.]

#### *Clients Served in Shelter*

Number of Children/Youth	
Adults:	
Number of Women	
Number of Men	
Number Not-specified/Other	
Total	[Auto Sum]

[Clients Served in Shelter: Number of new domestic violence victims (clients) seen for the first time during this reporting period who received shelter services (including a shelter facility managed by the program, safe home or hotel). Clients should be counted once regardless of the number of times served during the fiscal year. For example, if a client spent 30 days in the shelter in November, exited the shelter and then came back to the shelter in March, then she would only be counted one time. Clients who received shelter should only be counted in this element and not counted in Clients Served with Non-Shelter Services even though they may have received non-shelter services also. Clients who were referred to another domestic violence shelter program should not be counted here. The count will be within program only and should not be unduplicated across programs statewide.]

#### *Clients Served with Non-Shelter Services*

Number of Children/Youth	
Adults:	
Number of Women	
Number of Men	
Number Not-specified Other	
Total	[Auto Sum]

[Clients Served with Non-Shelter (supportive services only): Number of new domestic violence victims (clients) seen for the first time during this reporting period who received only non-shelter services. Include only clients that received supportive services only and no shelter by your program. Calls to a crisis line or hotline should not be counted here and should be counted in Section C instead. Count should be within program only and not unduplicated across programs statewide.]

#### *Age*

0-12	
13-17	
Unknown Child Age	
18-24	

25-59	
60+	
Unknown Adult Age	
Total	[Auto Sum]

[Age: Report the ages of the clients served, including children and youth. These age demographic totals should equal the program’s numbers totaled in Clients Served in Shelter and Clients Served with Non-Shelter. For example, if the program served 30 women, 62 children and 2 men (94 total), the total for all the ages should also add up to 94.]

*Race/Ethnicity*

Black or African American	
American Indian/ Alaska Native	
Asian	
Hispanic or Latino	
Native Hawaiian/ Other Pacific Islander	
White	
Unknown/Other	

[Race/Ethnicity: Report the race and/or ethnicity of the clients served, including children and youth. Clients may self-identify in more than one category, e.g., White and Hispanic.]

*Other Demographics*

[LGBTQ: This is a count of clients who self-identify as lesbian, gay, bisexual, transgender or queer.]

[Teen dating violence: This is a count of all of the youth age 13-17 receiving services due to being a victim of dating violence in their own relationships. These youth could be receiving services on their own, as an emancipated minor or other minor eligible to receive services, or could be a youth who accompanies their parent to shelter and self-identifies as needing their own services.]

*Shelter Services and Crisis Calls*

Shelter Nights	
Unmet Requests for Shelter	
Crisis/Hotline Calls	

[Shelter Nights: Indicate the number of shelter nights for each person who arrives and is provided a bed, including on-site shelter, safe home or hotel room. Include victims of domestic violence and their dependents. Count the number of people housed times the number of nights.]

For example, a victim and her 3 children stay in the shelter or safe house for 5 nights; this means 4 people x 5 nights = 20 shelter nights.

Shelter includes onsite shelter managed by the domestic violence program, program-sponsored hotel rooms and safe homes (residences of volunteers who offer their private homes for short-term crisis situations) or other temporary housing that your program arranges. Nights that a victims stays in a shelter not managed by your program should not be counted (e.g., a shelter in a nearby county).]

[Unmet Requests for Shelter: Count the number of unmet requests for shelter due to program shelter, safe homes or sponsored hotel rooms being at capacity or unavailable. Count adult victims of domestic violence only. This count **should not** include individuals who were not served because their needs were inappropriate for the services of your program, e.g., homelessness not related to domestic violence. Count the total number of times requests for shelter were declined, even if the program provided other services.]

[Crisis/Hotline Calls: Calls received on any agency line that relate to an individual or family in need of some kind of service. A program does not have to have a dedicated hotline to count these calls. Count all calls including repeat callers and calls from third parties such as a family member. **Do not** count calls about donations or for general information about program or violence issues unrelated to a specific individual or family, calls from the media, etc.]
