2026 Juvenile Justice Incentive Grant Program Request for Proposals (RFP)

Deadline: Applications are due by 5:00 p.m. on April 25, 2025

Criminal Justice Coordinating Council

The Criminal Justice Coordinating Council (CJCC) is designated by the Governor of Georgia as the State Administering Agency for criminal justice and victims' assistance programs. Created by the General Assembly (O.C.G.A. § 35-6A-2), the Council is comprised of 27 members representing various components of the criminal justice system. The CJCC is charged with fiscal oversight of the Juvenile Justice Incentive Grant Program.

Overview

In 2011, the Special Council on Criminal Justice Reform was formed to study Georgia's criminal justice system and was charged by former Governor Nathan Deal with recommending policy changes. On December 18, 2012, the Council released their final report to the former Governor.

"We know there's room for dramatic improvement in the results we see in the juvenile justice system." – former Governor Nathan Deal

In keeping with Georgia's goal of increasing public safety through a more effective juvenile system, CJCC offers this request for proposals seeking local juvenile justice projects that aim to reduce the number of youth served out of home. The Juvenile Justice Incentive Grant Program funding aims to develop programs that address the needs of youth who are typically committed to the Georgia Department of Juvenile Justice (DJJ).

Since 2012, each year Georgia has reduced out-of-home placements by over 50% in Juvenile Justice Incentive Grant Program recipient counties. During the first year of funding, a total of 1,122 youth were served through community-based services, and since then nearly 10,000 youth have been served. The CJCC is committed to continue the funding of evidenced-based programming for youth in the community.

Applicants are encouraged to review the Blueprints for Healthy Youth Development website and Office of Justice Program's Crime Solution website to ensure that their juvenile intervention proposal has a methodical and measurable approach to reducing juvenile recidivism. This can be accessed at <http://www.blueprintsprograms.org> or <http://www.crimesolutions.gov>. Specific required evidence-based interventions are listed further in this RFP.

An evaluation report of yearly program accomplishments can be found at: <https://cjcc.georgia.gov/grants/grant-subject-areas/juvenile-justice/juvenile-justice-incentive-grant-program>.

Planning Period (New Applicants Only)

In order to allow for the successful integration of evidence-based services into court operations, CJCC will allow a two-month planning period as an option for new projects. This will allow time for staff to be hired and trained, and contracts with service providers to be established. The planning period is optional. All new projects must be operational no later than August 31, 2025.

Evaluation

The CJCC will conduct a study of each awarded program to determine effectiveness. Grantees will be held accountable for the following as it relates to programmatic evaluation:

- Collect, enter, and maintain participant-level implementation and outcome data monthly;
- Data collection training and use of any Grants Management System (GMS);
- Submit youth enrollment, activity attendance, and necessary reports to evaluator; and,
- Grantee must participate as a focus site for evaluation.

The CJCC are committed to implementing evidence-based programming successfully and providing juveniles with the best services. Evidence-based programs are effective in reducing recidivism in juvenile populations when the programs are delivered as intended by the developers of the models. Grantees may be subject to a model fidelity evaluation. Information related to model fidelity site visits can be found at: <http://cjcc.georgia.gov/juvenile-justice-model-fidelity>.

Post-Award Required Activities

CJCC Grant Management Workshop

If an applicant is awarded a grant, the grantee may be required to attend a CJCC grant management workshop.

Site Visits

The CJCC staff may conduct a financial and/or programmatic site visit (in person or virtual) to each grantee during the grant period. Additional visits may be conducted. Site visits will be scheduled with the grantee in advance. Site visits will be conducted to monitor the program for progress, implementation, adherence to outcomes, model fidelity, and to view programmatic and financial documents.

Additional Training, Technical Assistance, and Events

The CJCC will offer a number of non-mandatory post-award training and technical assistance opportunities and special events. Grantees will be informed of events via e-mail. The CJCC staff will also provide ongoing, individual technical assistance and other support to grantees as needed or requested throughout the year.

Program Design

Purpose

In order to demonstrate potential cost-savings to taxpayers by incentivizing evidence-based options, the overarching goal of this grant program is the reduction of out-of-home placements and to better serve youth in the community.

The purpose of this grant opportunity is to provide funding for local programs designed to serve youth in the community who would otherwise be committed to DJJ. Applicants are encouraged to examine their local data from the previous fiscal year in order to understand the profiles of youth who were committed to DJJ, and who, with appropriate services, could have received services

while remaining in their community. Recipients of this grant opportunity will be employing evidenced-based programming appropriate to the needs of youth in the community.

Considerable evidence has shown that assessing each youth's risk of re-arrest can help with classifying youth for appropriate levels/types of programming, as well as the necessary intensiveness of services. Therefore, applicant counties will have the benefit of utilizing standardized risk assessments to aid in decision-making. **The instruments include, at a minimum, the Department of Juvenile Justice's Pre-Disposition Risk Assessment (PDRA) and the Detention Assessment Instrument (DAI).**

Bolstering a continuum of community support services and supervision has been shown to reduce recidivism, while promoting a positive relationship among youth, their families, and the community. Support services may include family and community reintegration and prevention services, basic life skills, job skills and employment training, job placement, educational support, and mentoring and apprenticeship opportunities.

Communities applying for these funds will be expected to bring together system stakeholders, community leaders, and residents to identify and access existing local resources for the development of a multifaceted response to prevent further penetration in the justice system.

By employing evidence-based programming, implementing risk assessment tools, involving the community, and ensuring appropriate youth are served, the State of Georgia will increase public safety while decreasing recidivism among juveniles through an effective juvenile justice system.

The CJCC ask that applicants fully describe how their project will reduce risk factors of participants through the use of an evidence-based model that addresses family engagement, reduces negative peer association, increases pro-social activities, and is tailored to the individual cognitive and maturational levels of their participants.

Program Period

The initial grant award period is July 1, 2025 – June 30, 2026.

Target Population

All youth receiving services from this grant **MUST** have a delinquent adjudication, score medium to high on the PDRA, **and** be appropriate for the selected evidence-based program.

Goals and Objectives

Each applicant must utilize all of the following goals and performance objectives for its project. Applicants may add goals or objectives specific to their program.

Goals

1. Reduce felony commitments to DJJ and STP admissions in the target county.
2. Increase the use of evidence-based practices in Georgia's juvenile justice system by initiating community-based juvenile justice programs.
3. Reduce the recidivism rate of youth involved with Georgia's juvenile justice system.
4. Reduce annual secure detention rate of target county.

5. Reduce annual secure confinement rate of target county.
6. Demonstrate a cost-savings to Georgia citizens through provision of research-informed services to youth in juvenile justice system.

Performance Objectives

1. The DAI and PDRA will be used on all youth considered for grant funding with all scores reported in JTS or the Juvenile Data Exchange (JDEX). Additionally, when available, grantees are encouraged to use the Juvenile Needs Assessment (JNA) on all youth considered for grant funding.
2. All participants will score medium to high on the PDRA.
3. At least 75% of participants will complete program requirements.
4. At least 55% of youth completing services will not re-offend as calculated using this recidivism definition below:
A new charge (within three years of the initial post-adjudication community placement) which results in a juvenile court delinquency adjudication OR adult criminal court conviction.
5. Each project will report cost-savings per youth by calculating average cost to provide targeted intervention subtracted from average cost to detain youth. (Selected projects will be provided a marginal cost rate in order to perform this calculation).

Note: Performance targets will be used as a means to determine future award allocations and/or continuations.

Direct Costs are defined as expenses accrued through direct services of the primary evidence-based programming, education services, and/or expenses related to needs assessments. The following is a brief list of common direct costs:

- Salary and benefits of individuals who provide direct service to youth (therapists, facilitators, etc.);
- Snacks or meals associated with programming;
- Travel to participants' homes;
- Vehicle maintenance and gas;
- Journals or program books for youth.

The following is a brief list of costs that will require preapproval to be considered as direct costs:

- Needs assessments;
- Trainings;
- Conferences;
- Travel (outside of direct service travel);
- Online platform;
- Equipment;
- Educational support services;
- Volunteers' compensation and/or service-related expenses;
- Copier (use of the copier for program materials);
- Cell phones for direct service employees requiring travel; or,
- Meeting expenses for outreach and awareness activities.

Indirect Costs are defined as expenses accrued that are not directly from the primary evidence-based programming; this includes any direct service interventions that are not listed on page 11 of this RFP. The following is a brief list of common indirect costs:

- Salary and benefits of supervisory and/or administrative staff who provide indirect services to program youth (e.g. grants manager, finance director, trainer, etc.);
- Bookkeeping costs;
- Rent and/or mortgage on administrative offices;
- Utilities on administrative offices;

Allowable and Unallowable Costs

A list of allowable and unallowable costs is provided in the Budget Detail Worksheet.

- Items such as motivational tools, graduation gifts, and enrichment activities may be eligible for reimbursement. Please note, these expenses should be reflected in both the Budget Detail Worksheet and the budget narrative. These costs will be considered as part of the 70% allowed for direct costs, and these items should be listed in the "Supplies" category.

- These items must be available to all program participants. Applicants must submit a policy outlining the parameters related to issuing enrichments to program participants to be eligible for reimbursement. See Appendix B for the same policy. Please note, expenses submitted for the issuance of gift cards, gift certificates, gas cards, etc. will not be approved as allowable expenses as part of the grant.
- The maximum funding allowed for enrichments is not to exceed \$25 per individual youth served. This \$25 maximum is the allowance per youth, regardless of the number of programs in which the youth is enrolled or the number of times the youth participates in programming.
 - E.g. Total program: \$100,000
 - Projected youth served: 30
 - Motivational tools/enrichments budget: 30 X \$25 = \$750

*All expenses must be detailed and approved in the grant budget prior to being listed in the SER and requested for reimbursement. Expenses are approved at the discretion of the CJCC.

Please note, any motivational tools, graduation gifts, and/or rewards donated or purchased using outside funds are not subject to the 70/30 requirement.

- If you are implementing an evidence-based program that requires a meal for participants and their families, the cost should be reasonable and meal purchases should not exceed state travel policy. In your application budget, please break down the expectation for these costs.
- For those programs that do not require a meal as part of the evidence-based program, *light* snacks are still allowable, but the cost must be reasonable and the basis for arriving at that cost must be included in your budget. Please note, this expense should be reflected in your Budget and will be considered as part of the allowable, direct costs.
- Applicants must request preapproval for all expenses related to graduation ceremonies. All expenses must be detailed and approved in the grant budget. Expenses are approved at the discretion of the CJCC.
- The use of “flex funds” will require preapproval. All requests should include a detailed explanation as part of the Budget Narrative. Please note, all requests will be approved at the discretion of CJCC. If approved, the following will apply:
 - There must be judicial oversight. The presiding juvenile court judge must request the use of flex funds in each individual instance;
 - A note must be included in the youth’s file notating the judicial approval of the flex fund spending specific to the youth’s case; and,
 - A copy of the notation must be submitted to the CJCC along with your reimbursement request. The notation cannot be a “blanket” note but should instead be specific to each individual case.
- **Grant funds will not be allowed to be used for: out of state training, any part of a pay supplement (bonus, one-time payments, etc.,) for state or county paid employees, weapons, construction projects, financial and or programmatic audit costs, construction costs, and organized fundraising activities.**
