An eligible applicant must meet *a//*the following criteria:

- Be state or local law enforcement agency. Applications from local law enforcement agencies must come from the City of County Government

State grant funds must be used to supplement existing State and/or local funds for program activities and must not **supplant** (replace) those funds that have been appropriated for the same purpose.

**Supplanting:** to deliberately reduce State or local funds because of the existence of State grant funds. For example, when local funds are appropriated for a stated purpose and State grant funds are awarded for that same purpose, the local government replaces its local funds with State grant funds, thereby reducing the total amount available for the stated purpose.
